

HOT OFF THE PRESS

South Hams Brewery is excited, and delighted, to announce that it is embarking on a whole new venture, with the latest news that we have acquired the Award-Winning cider and soft drinks producer Ashridge.

We are rightly thrilled about the opportunities this provides, for the continuing development of SHB, and the creation of a new drinks business in the South West, dedicated to providing a range that continues to build on the successes of both companies...

MORE CHOICE. SAME QUALITY AND SERVICE

The coming together of our two local businesses, both passionate about the provenance of the ingredients and dedicated to the production of a 'craft' product that is consistent in its standards, is great news for the trade and consumer.

The heritage and tradition of cider and ale making in the South West is respected, renowned and enjoyed by so many, and our two companies are at the forefront of innovative thinking in the drinks industries, consistently recognised for the quality of the products produced.
